

The Young Men Christian Association will meet on Friday evening, July 21, at the Lyceum.

C. S. L. LEGRAND.—This man-of-war returned to port on Saturday morning last after a week's cruise.

CHILD SICK TO DEATH.—On the 2d of July, a little girl of Wajani, Kauai, aged three years, was buried in death while playing with matches.

TRADE.—We owe a debt of gratitude to Messrs. Coddell, Green, Morris, Bell & Co., and the Purse of the City of San Francisco, for their kind services.

THE NEW SOUTH WALES BILL.—The steamer Australia will be here Wednesday from San Francisco. It is very likely some time will be lost here, with which we can have.

AMONG THE PASSAGES BY THE CITY OF SAN FRANCISCO.—Sir Tom Mackay, his son, Justice of the Peace, and Lady Mackay, and Mr. C. C. Adams, and sons of Honolulu, all homeward bound.

RIVEL TRAIN.—The New South Wales Bill Utah will be at the mail station yesterday, or to-day.

THE HAWAII.—The steamer California comes to port on Saturday afternoon, or to-day.

SCHIFFER C. H. WARD.—This steamer arrived at Honolulu, after twenty days passage from San Francisco. The Navigation Department of the U.S. appointed him to represent the interests of the country in the Pacific, and to make arrangements for the removal of the crew, who were to remain in the service of the United States.

DRY LAND.—The New South Wales Bill Utah will be at the mail station yesterday, or to-day.

THE HAWAII.—The steamer California comes to port on Saturday afternoon, or to-day.

DRY LAND.—W. D. Clark, who has been for a number of years associated with the Navy Survey in this place, died Thursday morning last of sea fever, at the former Kakaako. His health has been failing for some time past, and at the time of his death he was on his way to Kona, hoping by a change of climate to restore himself.

NEW EXPERIMENT SALOON.—The establishment on Fort Street recently opened by the Foreign Saloon, has been ratified, and opened as a hotel and licensed saloon by Mr. F. H. Morris, who is engaged in other business of his own, and now runs the new fixtures of his own, and dry land, or places of shrewdness, or liquid drink, at the most reasonable rates.

EXECUTIVE ORDER NO. 3,130,57.—On Tuesday evening the 2d instant Dr. D. G. S. N. Elliott, Esq., issued the following elected officers for the current year:

President, J. W. Ward.
Vice President, T. Hartman.
Secretary, G. H. Stevens.

ANOTHER OPEN SIGHT.—On Friday last, while some of the Captain Officers were engaged in viewing the New Ships, the mate was caught in the act of throwing a quantity of opium and wine overboard. The captured articles were seized, and the parties who had been tampering with them were brought before the court martial, and sentenced to 120 days of opium, besides the wine and other articles, and confinement on the ship's master.

—Yesterday one of the parties of the City of San Francisco was arrested as he was passing through the ship yard with a couple of bags of opium and some other wares. A Captain was also caught going about the ship yard with the same drug articles for his bags. The parties will make no defense for their acts.

FARM STREETS.—The charming city of San Francisco, Captain Wardell, arrived early yesterday morning, 15 days from Australia, via Enderbury, bringing a large number of通过 passengers. She will leave here for San Francisco taking about three hours from this place. She has nothing but good news from the Consul. The public welcome with Europe remained steady, and home news is received by steamers as formerly.

—The Honorable City of New York had made the quick trip from Enderbury to Sydney on record—40 days. The Colonists appear to be well pleased with their government and speed of the ship's passage now over the route.

H. D. W.'s ship Pocatello had returned to Sydney from Samoa, and reports all quiet to that port.

RAKE BALL.—The second match game between the Bay club and the Atlantic cup took place Sat. afternoon, resulting in the defeat of the latter. The score was kept continuing by both sides, but at the end of the fifth inning, despite the efforts of cover opponents, the Stars stood 10 runs ahead. From that time on, the Stars continued to increase their lead, and won the game 12 to 1. The Stars were the first to play a game of baseball in the city of Samoa.

—H. D. W.'s ship Pocatello had returned to Sydney from Samoa, and reports all quiet to that port.

Speech of His Ex. W. L. Green, on the Resolutions to Cease the Ministry.

MR. PRESIDENT.—This is the second time within a short period that His Majesty's Ministers have been called upon to answer to me resolutions offered in this Assembly of want of confidence. The last time it was in connection with their action on the Reciprocity Treaty.

The constitution was said to be in danger. To-day it is on a question of ten cents on the dollar, and I congratulate the enterprising member for Honolulu for having seized upon a much stronger peg on which to hang his vote.

But Mr. President, I had perhaps better refer at once to the indictment and take the charges against the Ministers in their regular order.

The first portion of the preamble to this resolution reads as follows:

"Whereas it is essential for the promotion of the welfare of this Kingdom and the maintenance of its independence that His Majesty's officers should have the safety and independence of character to qualify them for a judicious administration of public affairs, and to enable them to wield a command and beneficial influence in the councils of the nation."

I have no objection to make Mr. President to this part of the preamble as a general proposition, on the contrary, I feel almost inclined to plead guilty in the name of His Majesty's Ministers to the impeachment. It is true Mr. President, the Ministers have not wielded that commanding and beneficial influence in the councils of the nation, that they would desire to wield. In the case of the bill for instance regarding the Act prohibiting opium, His Majesty's Ministry would have been glad to prevent its passage, but they could not. This Assembly only convicted them. And Mr. President I only say on this point that if this Assembly were looking up in the near distance the set of men who are to take their places who would be able "to wield a commanding and beneficial influence" in this Assembly in particular, it will be the duty of the members to vote in favor of this resolution. If this Assembly

sees before it a Minister of Foreign Affairs in my place, a Minister of Finance who may take the place of the present one, or a new Attorney General, who will be able to wield this commanding and beneficial influence, the sooner this Assembly votes us out of the way the better.

The next clause of the preamble reads as follows:

"Be it resolved, during the incumbency of the present Ministers, that the Legislature of the State of Hawaii, to whom specific objects have been adopted and expanded upon objects not warranted by any legislative enactment, and without the justification of public necessity."

I will at present merely say with regard to this statement that it is not true, because this is a matter connected with the Report of the Finance Committee, and to which the honorable introducer of this resolution referred in his speech.

THE NEW SOUTH WALES BILL.—The New South Wales Bill Utah will be at the mail station yesterday, or to-day.
